Research and Therapeutic Solutions

M-VET: The future of Veterinary Medicine

M-VET can be safely carried and used everywhere.

A **lightweight, resistant to wear, water and dust** heavy duty case allows the practitioner to face the **most adverse weather conditions** and reach patients anywhere.

M-VET All Terrain is equipped with **two batteries**: **MLS® Laser Therapy** can be delivered **without taking M-VET out from the case** and without having to plug it into an electrical outlet.

SUSTAINABLE

M-VET All Terrain's case is manufactured in Italy from 100 % recycled materials to promote sustainable packaging and reduce carbon emissions.

HERMETIC

The case is equipped with an IP65 watertight seal that protects M-VET from all liquids; it features an automatic pressurisation valve and the double closure is equipped with a safety button.

TRANSPORTABLE

The case is equipped with a telescopic handle and a fixed ergonomic handle. The case has holes and loops for padlocks and shoulder strap.

RESISTANT

The case is lightweight (3 kg) and wear and impact resistant; the interior is made of custom-made foam to protect M-VET and all its accessories.

LASER THERAPY MLS®

Application fields:

1. Dermatology
 2. Orthopaedics-Neurology
 3. Oral Pathologies
 4. Laserpuncture
